

WORK

Commenced On New Concrete Bridge At Buckeye City

Buckeye City, Ohio, April 28—Work was begun Tuesday morning on the new Market street cement viaduct at this place. The old bridge was carried away by high water over a year ago. The new structure will be built on rather an extensive plan and all danger of damage by high water will be avoided in this way. It is anticipated that the viaduct will not be completed until late in the fall.
